STATUS INQUIRY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Commissioner:

Applicants submit this status inquiry and hereby request an update regarding the issuance of a Notification of Missing Requirements in the above-captioned application.

This application is a National Stage application under 35 U.S.C. § 371 of PCT/FR04/50308 that entered the National Stage in the United States on January 3, 2006. The status of this application is listed in PAIR as “Application Undergoing Preexam Processing” with a status date of 01-10-2006, and the last entry in the transaction history of this application on PAIR indicates that it was “cleared by OIPE CSR” on 01-21-2006. Although all national stage

filing fees and claim fees were paid on the date of entry into the National Stage, no Declaration of the inventors was submitted on the date of entry into the National Stage and the application does not contain a Declaration under PCT Rule 4.17, and no Notification of Missing Requirements has been received. Nor has any other communication from the Office been received since the date of entry into the National Stage.

Applicants therefore request confirmation of the status of this application and an indication of when a Notification of Missing Requirements or other appropriate communication regarding this application will be issued.

Respectfully submitted,

/Mark B. Wilson/
